

## *Message from the Chairman*

Since its establishment the Fondation de l'Hôpital de Lamèque Inc. is proud to have donated over \$1 million to support the projects of the Lamèque Hospital and CHC.

Over the past year a total of \$ 72,822 was invested to support the following sectors:

- \$39,464 – Patient care;
- \$17,328 - Diagnosis, treatment, and follow-up sectors;
- \$14,874 – Continuing education and other sectors;
- \$1,156 - Specialized regional services and fight against cancer.

Our revenues come mainly from the generosity of our donors as part of the annual fundraising campaign, donations after someone's death, and various activities held throughout the year (e.g. Roses Radiothon, Tim Hortons' Smile Cookie Campaign, Northern Star Campaign, Valentine's Brunch, and Lamèque Hospital and CHC staff's talent show). Your donations or participation in our various activities make several achievements possible. Thanks to all volunteers who give of their time as without them it would be difficult to accomplish all that the Foundation does in a year.

I am proud to have been associated with the Fondation de l'Hôpital de Lamèque Inc. for many years and just like you, I really want to offer the best possible care to people in the region.

Thank you to the members of the Board of Directors who have assisted me throughout these years as it is thanks to your passion and devotion that the Foundation is and will remain first in the heart of people in the community.

Le président du conseil d'administration,

Roger Chiasson

### ***Board of Directors***

Roger Chiasson (président), Elisabeth A. Duguay (vice-présidente), Yoland Chiasson (trésorier), Shelley Robichaud (secrétaire), Norma Aubut, Mariette Duguay, Maxime Duguay, Léonce Larocque et Dr Dawn Marie Martin-Ward.
