Message from the Chair

On behalf of the Foundation's Board of Directors, I am very pleased to provide you with an overview of the past year.

It is thanks to the commitment of our volunteers and the generosity of the people of our community that we have reached our objectives. The funds raised have made it possible to strengthen the following sectors: electrocardiodiagnosics, occupational therapy, scheduled and walk-in clinic, family practice, medicine, and laboratory.

We are pleased to work with the Lamèque Hospital and Community Health Centre to provide the public and our staff with better equipment that enhances the quality of the health care services we can provide here in our own community.

In addition, we encourage our staff to pursue continuing education through our bursary fund.

To improve our visibility, we have also built a website (www.fondationhopitallameque.ca/en) this year, which we invite you to visit for further information on the Foundation and our projects.

The Foundation is a key partner of the Lamèque Hospital and Community Health Centre. We work together to provide patients with the best possible care.

Thank you for renewing your commitment to the Foundation and for contributing to the wellness of your families, friends, and fellow citizens.
