

La Fondation
de l'Hôpital de
LAMÈQUE Inc.

The objective of La Fondation de l'Hôpital de Lamèque Inc. is to support the Lamèque Hospital and Community Health Centre's development priorities in order to meet our community's changing needs effectively. Since its beginnings 30 years ago, the Foundation has pursued this objective by investing over \$1.2 million in the hospital. This demonstrates the community's commitment to its health care facility!

The Foundation has a close relationship with the community, which rallies to the Lamèque Hospital and Community Health Centre's cause year after year. Once again this year, and despite the ice storm that affected our region, the Foundation was able to invest \$ 73,920 in several areas of the hospital. It also invested in specialized regional services and in the fight against cancer.

Raising this amount would be impossible without the community's support. To our donors, we say thank you for your generosity and for believing in the Foundation and the community's well-being. To our volunteers, we say thank you for giving of your time and for working with passion, whether that involves serving on the Board of Directors or helping organize activities. Through this collective effort, we can enhance the wellness of the people of our community.

Finally, remember that the Foundation works for you and with you – don't hesitate to get involved! Whether you contribute by giving of your time or by donating, it's through these small individual actions that together we can achieve great things.

Yoland Chiasson
Chair of the Board of Directors

2016-2017 Board of directors
